About the course/workshop	<p>Learn this simple but exciting technique to create linear, textural and tonal images. Using a variety of surfaces and mediums applied to a cardboard base (or even a humble fruit juice carton!) which can also be scored into and cut away, we will produce multi-layered plates to print from on our professional etching press. Once the basics have been mastered there will be time to experiment and play with the process. A fun day with plenty of demos and step-by-step instruction. No experience needed.</p>		
What students should bring	<ul style="list-style-type: none"> • Photos / sketches / subject matter as starting points and reference • Drawing pencils, rubber, masking tape, dessert spoon • Sketching paper for initial drawings • Textural surfaces such as wallpaper, lace, skeleton leaves etc. 		
Materials for sale from tutor	£5.00 fee for all printing materials
