

Young Professionals Logistics & Transport Showcase

Thursday 9th November 2017, 16:30 for 17:00 – 21:00,

at Peter Brett Associates, Caversham Bridge House, Waterman Place, Reading, RG1 8DN

Meet in Main Reception

The Logistics sector is the fastest growing area across British commerce and comprises an astonishing array of professional streams and roles that offer a range of career opportunities. Young Professionals from the Chartered Institute of Logistics & Transport will be holding a careers awareness event, facilitated by the Thames Valley Group of the Institute and hosted by Peter Brett Associates at their Reading town centre offices.

The event is aimed at students and other young people who may or may not be considering a career in logistics. It will offer a unique insight from those who have taken the journey into the logistics and transport professions. Those responsible for advising students can also attend and see what can be achieved by talented young people with a wide range of skill sets.

As well as access to senior ambassadors from across the logistics and transport spectrum, there will be briefings and interactive presentations from Young Professionals describing their specialisms, how they got into their current roles, and what opportunities await in their future careers. The speakers and stands will cover:

- Rail
- Logistics and Supply Chain
- Road Transport
- Bus and Coach
- Aviation
- Transport Planning
- Defence Logistics
- Operations Management
- Logistics Information Systems
- Humanitarian Logistics

What's in it for me?

For students

It will offer an insight into professional career paths across logistics and transport with unbiased explanations of what they are actually like - from those who are on their journeys, rather than those 'selling'. The students will be in direct contact with enthusiastic professional practitioners in a safe environment. There will also be a range of stands from employment consultants and educational organisations that delegates can approach if they wish.

For advisors and coaches of young people

It will help to explain what the logistics professions actually comprise - much more than 'trucks and sheds' - to inform their support strategies and career solutions for students and other young people.

Refreshments and a light buffet will be provided. The event will be free.

Book online at www.ciltuk.org.uk/Events/EventsListing.aspx or contact Membership Services, Tel: 01536 740104 or email: membership@ciltuk.org.uk quoting the event code: TVG0352.
