

At Maiden Erlegh School we aim to deliver a broad and balanced curriculum with a range of pathways that provide a stimulating and demanding education for students of all abilities.

Foundation Stage (Years 7 and 8)

All students follow a common curriculum.

Core: English (combined Language and Literature)
(4 hours a week) Maths

EBACC: Science (3 hours/week)
Modern Foreign Languages: French or Spanish or German (2 hours/week)
Humanities: Geography (3 hours/fortnight), History (3 hours/fortnight)

Extension: PE (2hours/week)
(1 hour a week) Art
ICT
Drama
Technology
Music
RS
Computing

Purple Pathway: a bespoke pathway for students entering Year 7 with below 100 scaled score in Reading and mathematics. Students use humanities and MFL lessons in Years 7 and 8 to create blocks of time in order to follow a bespoke curriculum focusing on literacy and numeracy (through using humanities topics as vehicles for project based learning). As part of the literacy element of the purple pathway PIXL Code phonics course is used. A key aim of the Purple Pathway is to ensure students make at least expected progress and more wherever possible, and to enable the students to access mainstream KS4 pathways in Year 9.

Key Stage 4 (Years 9, 10 and 11)

The curriculum after Year 8 is designed to provide continuity, balance and breadth, but at the same time enable students to specialise in courses which meet their needs, aptitudes and career intentions.

All students starting Year 9 take a core of compulsory examination subjects alongside Physical Education and Personal, Spiritual, Moral, Social and Cultural Education (PSMSC) which is primarily taught during tutor periods and in RE. They also take a GCSE in RE in Year 10 or Year 11.

Core: English Language (2 hours a week)
English Literature (2 hours a week)
Maths (3 hours a week in Year 9 and 4 hours a week in Years 10 and 11)
Combined Science or Single Sciences (4 hours a week in Year 9 and 5 hours a week in Years 10 and 11)

EBACC: We expect students who are capable of doing so to take the full range of EBACC subjects e.g. in addition to the Core subjects studied, the students should study either GCSE Geography or History and a GCSE in a Modern Foreign Language.

Options: There are four option pathways adapted to the needs and interests of different ability groups with 2 hours a week.

Courses on offer are:

GCSE Geography	GCSE Music
GCSE History	GCSE Drama
GCSE French	GCSE Food and Nutrition
GCSE German	GCSE Design Technology
GCSE Spanish (Y9 and Y10 only)	GCSE Physical Education
GCSE Computer Science	City and Guilds Technical Award in Digital Technologies (Y9 & Y10 only)
