Signed: (Chair of Trust Board) 	Date: 01.10.19	Signed: (Headteacher) 	Date: 04.10.19
Subject to review, monitoring and revision: SEPTEMBER 2020	Annually by Trustees with recommendations from School H&S committee. Sooner if work activity or legislation changes or incident requires an amendment.		

Risk assessment

Risk assessments are carried out for all high risk areas/activities in the school, general activities and off-site activities, using standards risk assessment template. Below is a summary of key risks for the school as a whole. There are individual risk assessments for each area of the curriculum, all off site activities and on site activities.

Organisation name: Maiden Erlegh School (Earley)

What are the hazards?	Who might be harmed and how?	What are you already doing?	Do you need to do anything else to manage this risk?	Action by whom?	Action by when?	Done
Slips and trips	Staff, students and visitors may be injured if they trip over objects or slip on spillages	We carry out general good housekeeping. All areas are well lit including stairs. There are no trailing leads or cables. Staff keep work areas clear, eg no boxes left in walkways, deliveries stored immediately, offices cleaned each evening Snow and ice clearance plans	Better housekeeping is needed in staff areas, continual reminders to staff about wet floors and using signs	All staff members	Annually	
Fire	Staff, students and visitors may be injured or killed in the event of a fire	Evacuation plan in place, tested termly Fire-fighting equipment available and tested annually Call points in key areas Evac chair available	Review evacuation procedure following each fire drill.	SLG	Post fire drill (Summer Term)	
Contractors on site	Staff, students and visitors may be injured or killed through contractor activity	Contractors signed in and restricted to work areas. Contact between staff and pupils minimised Site team to conduct RA prior to any works and safe working practice agreed. Where necessary, movement routes around the site are amended and communicated to staff and pupils.				
Inappropriate adults on school site	Students at risk (Safeguarding)	All adults to wear approved name badges. Presence of all non-staff on site to be documented and approved through visitors protocol. Where appropriate H&S briefing and Safeguarding briefing to be given	Staff to be reminded to report any adults without a valid badge to on patrol/reception.	Stephanie Bendall	Termly	
Working at height	Students and staff may suffer a fall and be injured	Staff are guided to only work at height if they have completed the appropriate training. Staff instructed not to stand on chairs/tables and step stools to be made available if needed				
Manual handling	Students and staff may suffer an injury through incorrectly lifting/carrying items	Where staff have to move around site with significant resources, trolleys are provided by depts.		Site Team		

What are the hazards?	Who might be harmed and how?	What are you already doing?	Do you need to do anything else to manage this risk?	Action by whom?	Action by when?	Done
		Caretakers are used to move furniture and other large/heavy items				
Violent student or adult	Students and staff may suffer injury	De-escalation and intervention training in place for key staff. Risk assessments in place for specific students representing a risk. Critical incident protocol in place. Guidance on website regarding violent and abusive behaviour Notices in reception regarding non-tolerance of violent and abusive behaviour				
Intruders onto school site	Students and staff	RA for moving around site. Security fencing around part of school Site team on site during lettings CCTV and intruder alarm in place.	Review open plan nature of school and consider ways of making more secure	Jonathon Peck Paul Gibson	Termly	

Employers with five or more employees must have a written health and safety policy and risk assessment.

It is important you discuss your assessment and proposed actions with staff or their representatives.

You should review your risk assessment if you think it might no longer be valid, eg following an accident in the workplace, or if there are any significant changes to the hazards in your workplace, such as new equipment or work activities.

For further information and to view our example risk assessments go to <http://www.hse.gov.uk/risk/casestudies/>
