

Homework Expectations in Key Stage 3

Homework is set to ensure students make the requisite progress and deepen their learning by providing activities which contribute to students:

- being engaged and enthusiastic about their courses
- developing good learning habits and cultivate self-discipline
- becoming skilful, independent and resilient learners
- committing to memory core knowledge, vocabulary and concepts
- consolidating knowledge and skills
- extending and deepening understanding
- developing highly effective revision and rote learning skills

Homework will be purposeful (and not just 'finishing off'). It will always receive feedback, be used for selfassessment OR be used in classwork.

Parents will receive clear guidance on how they can support their child at home. This will:

- give parents the confidence to guide and support their child in their home learning
- strengthen engagement with parents by drawing them into the learning process
- enable students to extend and enrich their learning eg: through research, visits, meeting different people associated with topics being studied etc

Setting homework

Subject Teachers are expected to set weekly homework.

- In Years 12 and 13 students can expect two homework slots per week (usually one from each teacher).
- The "slots" can be filled with one or more activities to ensure the time allocation is used productively. □
If no homework is set, students will make a note in their diaries explaining why.
