Dear Parent/Guardian

Water Bottles

It has become apparent that some students are bringing glass bottles into school. We appreciate that our students are very aware of environmental issues and are becoming more aware of how their behavior and actions affects the future of our planet. However, can we please ask that glass water bottles are not brought into school due to health and safety reasons.

Students are welcome and we actively encourage them to bring a re-usable plastic or metal water bottle to school, which can then be re-filled in the dining room, during the snack break.

Keeping the site safe for our students and our staff is of utmost importance to us and we can only do this when everyone plays a part. Please help us to achieve this by ensuring your child does not bring in any glass onto the school site.

Thank you for your support.

Yours sincerely

Mr P Gibson
Headteacher
