

21 January 2020

Dear Parent/Guardian

### **Computing at A Level**

I am writing to confirm that following the appointment of a computer science specialist we are now able to offer computing at A Level from September 2020.

Year 11 students who wish to study this at A Level should contact Miss Cheshire, Head of Sixth Form, in order to register their interest.

I am pleased that we are now able to add this popular subject back into our A Level curriculum.

Yours sincerely

Mr P Gibson  
Headteacher
