

Visit to the MFL Department

In January we welcomed **Viveca**, a former Maiden Erlegh student, to talk to French, German and Spanish classes in different year groups about her language skills and how they have enhanced her life so far. She is a true inspiration and proof of what one can achieve with hard work and courage.

“French has been a springboard for me to pick up other Romance languages more easily. “

“Learning languages is like brain aerobics as it activates different parts of your mind.”

“I don’t want to be a typical English person who expects everyone else to speak English because that’s not what real life is like.”

A Levels: French, German, English Literature, Philosophy & Ethics **at Maiden Erlegh**

Further Education:

- BA Modern Languages (French & Italian) at Birmingham
- Masters in Marketing in Bologna, Italy

Employment as a student:

- Summer working at Disneyland in Paris selling ice cream
- Summer internship in a wine company, France
- Teaching English in La Rioja, Spain
- Journalism internship in Rome

Current Employment:

Digital Marketing Analyst in Accenture, Milan
