# Year 12 in September 2020 Product Design

In product design you will work on theory and NEA (coursework).

Materials that you will require for your Product Design Lessons in September:

Pencils, colouring pencils, marker pens, sketch book (A3 preferred).

A Glue stick, your own rubber and ruler.

Please visit Design Museum website - www.designmuseum.org

Please also visit any local galleries or their websites

Research into at least 3 different designers. What makes their work unique? What makes their style stand out? How could you emulate this?

Find out about the materials. The main ones to start with are wood, metal and polymers.
