Dear Parent/Guardian

COVID Pastoral Plan for Year 11

As a result of the news today that 2 Year 11 students have tested positive for COVID-19, many Year 11 students have been asked to isolate. This letter covers both the last day arrangements and the plans for assessments this week for those who are isolating. Please remember, those not isolating are expected to be in school as per their schedule.

Assessment arrangements:

Timings for assessments for Year 11 for the remainder of the week:

Thursday 20 May:

9am Maths – Please note that the assessment will run at 9am for all isolating students.

11.15am Music/Product Design

2pm PE

Friday 21 May:

8.45am English Literature

11.45am Physics

Guidance on completing the assessments will be provided in each session. Some subjects will require that the assessment is completed on a google document and additional time will be provided where this is the case.

The classroom code will remain the same for all assessments this week;

Zskakam

The music assessment will run in zoom, the link for which will be provided in google classroom.

Last Day Arrangements

Following a difficult year for these students who have shown amazing resilience throughout, we are keen to ensure they are able finish their Year 11 together. As a result, we are reverting

to our back-up plan and will be asking Year 11 to be on Study Leave for the whole of next week and remain at home.

During the study leave week next week we will make available three online life skills courses on first aid, money management and mindfulness. This will all be accessed through the Year 11 Google Classroom from Monday 24 May.

Following the May Half Term Break the plan will be as follows:

Day	Activity
Monday 7 June	Whole School Inset Day (Students to remain at home)
Tuesday 8 June	Year 11 students in school, final lessons with teachers and PE activities in the afternoon. Students to come into school in PE Kit.
Wednesday 9 June	Posh Togs Day (as previously communicated about and will follow the same timings). This will be their final day in school.

We are very proud with how Year 11 have conducted themselves during their assessments and are looking forward to celebrating with them their time at Maiden Erlegh School, as a whole year group, after the half term break.

Yours sincerely

Mrs S Bendall
Senior Assistant Headteacher
