

Product Design AQA Discovery List

- The A level text book is a must have for all students

This is currently around £35 and available online and in some book stores. It is essential that this is the AQA book.

- There is a 'Essential maths skills (in DT)' book for students who worry about the mathematical content. This is published by Hodder.

Suggested Reading:

- The majority of Product Design reading is from websites.

Core77

Newdesigners

Suggested summer activities

- Get to grips with using sketch up
- Try out Onshape. This is free CAD software for students, just google Onshape education (your state is Berkshire and your school URL is the Maiden Erlegh website).
- Practice your sketching, using Youtube tutorials to help you

Places to Visit:

- The Design museum
- The Science museum
- The V&A
- Any degree shows, design shows or exhibits
