Dear Parent/Guardian

Traffic Control Behind Silverdale Road Shops

We are writing to let you know about a road safety measure that has been introduced at the front entrance of the school on Silverdale Road.

The Aldryngton school community has become increasingly concerned about cars moving around the rear of the Silverdale Road shops at the time that parents are dropping off and collecting their children. They have been in consultation with Wokingham Highways and the agreed solution is that there will now be a coned off crossing area during drop off and pick up times that provides a safe walkway for families to cross safely and prevent vehicles from travelling around the shops. You may already have noticed that this is now in place at these times.

Thank you for your continued support in helping to make this area safe.

Yours sincerely

Mr G Thomas
Assistant Headteacher
