Dear Parent/Guardian

### **Recommendation to wear face coverings walking around buildings at school**

I wanted to write to you with regards to COVID-19 cases within the school.

We are experiencing numerous and an ongoing number of cases of COVID-19 within the community. This is a trend across Berkshire. National figures suggest that over 40% of new cases are from secondary school aged children.

In order to protect our community and minimise disruption to learning, we are advising that students wear face coverings when moving around indoors within school from Friday 24 September. We, therefore, suggest that students wear face coverings in all inside spaces apart from classrooms when lessons have started. This interim measure will help to keep our community safe. I will also be making the recommendation to staff to wear face coverings in order to help protect our students.

If you are concerned about any members of your family being vulnerable, please do not hesitate to contact your child's Head of Year.

Whilst this interim measure is a recommendation only, we would be grateful for your support in helping to keep our community safe.

Yours sincerely

Mr P Gibson  
Headteacher
