Dear Parent/Guardian

### Face Coverings - COVID Update for Whole School

I am writing to inform you that Wokingham Borough have advised all secondary schools to wear face coverings indoors, including within lessons from tomorrow, Wednesday 20 October. Please view the attached letter which gives further information surrounding this and the false negative PCR tests that have been reported.

I know that the vast majority of our students have been doing an amazing job with wearing face coverings already, but in order to keep our community safe, we must now ask all students to follow this guidance including wearing coverings in classrooms.

If you have already informed us that your child is exempt from wearing a face covering on medical grounds, then you do not need to inform us again. If you have yet to inform us of this, you can do so by emailing us on [mesoffice@maidenerleghtrust.org](mailto:mesoffice@maidenerleghtrust.org) for the attention of Mrs Bhadye.

I understand that this may not be welcome news, but I know that this will help to lower the transmission and keep our community safe.

As always, thank you for your continued support.

Yours sincerely

Mr P Gibson  
Headteacher
