Dear Parent/Guardian

### **Design and Technology and Food Project Contributions**

In Design and Technology and Food, students follow all aspects of the national curriculum to create exciting projects. To enable the Technology Department to continue to provide a wide variety of opportunities for students to make and take home products they design and the recipes they follow we ask for a voluntary contribution towards the cost of materials and the equipment used. The suggested annual contribution is £10 for Design and Technology and £2 for Food. Due to rising costs, we have had to make the difficult decision to increase the suggested donation. We are aware these are challenging time and that some families cannot commit to the donation.

Without the kind support of parents and carers we could not offer such exciting practical projects and interesting recipes and so we are highly appreciative of the contributions made. If you are happy and able to make a contribution, please make payment via our e-payment system **ParentPay**. This is a secure online payment system used by schools. If you require any assistance with ParentPay please email: [parentpay@maidenerleghtrust.org](mailto:parentpay@maidenerleghtrust.org).

Thank you for your support of the Technology department.

Yours faithfully

Mr J Nash  
Head of Technology
