Dear Parent/Guardian

Year 7 into Year 8 - English Set Changes - September 2023

Students' English classes are reviewed at the end of the year to ensure students make maximum progress in their final year of the Foundation course (Year 8).

In English, we have mixed ability setting, but we have now designated our class 5 to be a smaller class to allow more support for those students we feel need it. To allow for this class to be smaller, we have had to move some students out of that class. We have also moved some students into that class.

These class changes will be from the start of September, and this will tie in with new timetables issued at the start of the new academic year. These moves have been planned to only enhance the education of your child.

Movement between sets will still be possible at regular intervals in order to accommodate students developing at different speeds and to place them in the correct class for optimum learning. Teacher assessment and results from interim classroom tests will inform the decisions to move students.

Yours sincerely

Mrs V Cripps
Head of Foundation English
