Dear Parent/Guardian

Year 7 - Design & Technology Project Contribution 2023 / 2024

In Design and Technology and Food students follow all aspects of the national curriculum to create exciting projects. To enable the Technology Department to continue to provide a wide variety of opportunities for students to make and take-home products they design and the recipes they follow we ask for a voluntary contribution towards the cost of materials and the equipment used. The suggested annual contribution is £10 for Design and Technology and £2 for food.

Without the kind support of parents and carers we could not offer such exciting practical projects and interesting recipes and so we are highly appreciative of the contributions made. If you are happy and able to make a contribution, please make payment via our e-payment system **ParentPay**. This is a secure online payment system used by schools. If you require any assistance with ParentPay please email parentpay@maidenerleghtrust.org. We may be able to provide financial assistance for those students who are entitled to pupil premium funding. Please contact the school office via email mesoffice@maidenerleghtrust.org if this is the case.

Thank you for your support of the Technology department.

Yours sincerely

Mr J Nash
Head of Technology
