Dear Parent/Guardian

The Home/School Partnership

As part of our drive to continue building upon our home-school partnership, I would be very interested to hear from you regarding any thoughts and ideas you might have to help strengthen our relationship with parents and guardians as a school community. Points to reflect upon might include:

- How useful you find our school website...
- How helpful our text messaging services are...
- Whether you believe some forms of social media work better than others...
- Whether you feel you receive too few, or too many, letters from us...
- Whether you find the parent/guardian app helpful...
- Whether you feel informed about what your child studies...
- Whether there are any local support services you would value details of...
- How useful you find our pastoral support systems...
- How useful you find our communication regarding your child's happiness and progress...
- How approachable you feel we are!
- Whether there is something we don't currently do, but you wish we did!

I would be very interested in forming a working group with parents/guardians who would like to help us to drive our home-school partnership forward. If you would be willing and able to join me, please do get in touch with me at: b.garner@maidenerleghtrust.org and I will be in touch again shortly.

You might also be interested in the work that Maiden Erlegh School Parent Association (MESPA) does as a charity organisation. Please do check out their website: MESPA.org.uk.

With your help, I would like our school to secure re-accreditation of the Leading Parent Partnership Award. With my own children all at school, I know firsthand how important it is for parents/guardians to feel heard and valued as part of a school's community. This is exactly what forms part of our commitment to you!

Kind regards

Mr B Garner
Assistant Headteacher
