SCHOOL

# Interrupted Learning

*Guidelines for Parents and Carers:  
2023/2024 school closure provision*

## Interrupted Learning

### Context

From time-to-time, events can result in the closure or part-closure of our school on health and safety grounds. These can include adverse weather conditions. During any such event, we aim to ensure that:

### Guidance for parents and carers

The school website is updated to ensure that we can communicate details of a school closure to you at the earliest opportunity.

It can sometimes be possible for teachers to deliver 'live' lessons via Google Meet. Where this is possible, details will be provided to students via Google Classroom pages\*

Where it is not possible to hold live lessons, work will be uploaded to Google Classroom in time for the start of the timetabled lesson\*

There is no expectation that students will register online with their tutor in the morning\*

**(\*This guidance may change should prolonged school closure occur. Please note that it will not be possible to deliver 'live' lessons via Google Meet during periods of strike action. While work will be uploaded to Google Classroom where school is closed or partially closed through strike action, please note that this will be generic).**
