Dear Parent/Guardian

Planned Road Closure Near School

We are writing to inform you of an upcoming road closure near school, scheduled to start on Monday 4 March until Wednesday 15 May on Betchworth Avenue. Please see the image below, the red dashed line indicates where the road is closed, and the blue line indicates the diversion route. We foresee the road closure causing significant disruption near school and to avoid unnecessary congestion, we urge students to walk or cycle to school whenever possible. Please only drive to school if absolutely necessary and plan your journey ahead to avoid lateness.

Students in Years 10, 11 and 13 are reminded that exams start at the beginning of May and exam boards will not grant special dispensation for lateness, therefore, it is crucial students are punctual.

We kindly ask that you respect our neighbours at the front of school and our neighbours along Maiden Erlegh Drive. Maiden Erlegh Drive is a private residential road, and vehicles are not permitted to use this road for dropping off or picking up students from school.

Your cooperation and understanding during this time are greatly appreciated.

Yours sincerely

Mr P Gibson
Headteacher
