Dear Parents/Guardians

Year 10 – Reuse Initiatives

Eco Club is pleased to announce a new initiative to reduce waste as your child moves to their next stage of education -- whether that's starting A-Levels, moving on to University or pursuing alternative routes through employment and education.

We'd like to collect and recycle your child's revision notes, flashcards, exercise books, revision guides, textbooks, blazers and other uniform (including sports kit).

Revision notes and flashcards will be given back to departments so they can get an aggregate understanding of the way students revise, then they will be recycled. (They don't have to be incredible! Any resources are good resources.)

Please give us any exercise books with large numbers of blank pages (at least 30+ pages) left over at the end, so we may reuse them.

Revision guides and textbooks will be redistributed for shared use by other students.

We only want resources from RP - keep hold of your GCSE materials for now!

Blazers and other uniform will be given to Inclusion, providing backups for students without blazers or appropriate uniform.

For now, we ask that you keep hold of your child's belongings.

Passing these materials back to us is a convenient way for you to give back to your school community, to support those with greater financial need, to protect the environment and to save you the hassle of online resale. We would be incredibly grateful for any and all things you could spare.

When exams end, we'll gladly take whatever you can give off your hands.

Students from all years can drop off their unwanted belongings to F11 after school. We will accept donations from July to the end of September.

We are incredibly grateful for everyone's incredible support of sustainability initiatives within the school. Over the last year, we've made incredible strides towards a sustainable future for our school and its students, and we absolutely owe it to your support.

If you have any questions, please do not hesitate to contact me.

Yours Sincerely

Ms K Terry
Head of KS4 English
Eco Clubs Leader
