Dear Parent/Guardian

I am writing to share the outcome of our recent Ofsted inspection, which took place on 29–30 April 2025. I'm pleased to let you know that the report confirms that Maiden Erlegh School "has taken effective action to maintain the standards identified at the previous inspection."

This is a strong and positive result for our school. It reflects the professionalism of our staff, the dedication and ambition of our students, and the continued support of our families.

As you may know, Ofsted has recently changed how it reports school performance. Under the current framework, inspections no longer result in a single headline grade. Instead, inspectors evaluate each area of school provision individually. Maiden Erlegh School was previously judged to be Outstanding in February 2020. Inspectors now confirm that we continue to meet that same standard across all areas reviewed.

Here is a summary of what Ofsted said about each area:

Quality of Education

"From Year 7 to Year 13, pupils follow a carefully designed and ambitious curriculum that equips them with the knowledge and skills they need to excel."

Behaviour and Attitudes

"Pupils rise consistently to meet and exceed these expectations. They are highly courteous and respectful towards one another and with staff and visitors."

Personal Development

"The school provides a broad range of enrichment opportunities. Pupils enjoy debating and exploring their own views on spiritual and moral issues."

Leadership and Management

"The trust plays a key role in helping the school achieve its ambition for pupils. Governors and trustees have a thorough understanding of the school. They work well together to provide direction, challenge and support. Leaders support staff well and consider their workload and well-being."

Sixth Form Provision

"Students in the sixth form excel. The quality of discussion and debate in sixth-form lessons is exceptional. Students are mature and articulate."

Safeguarding

"The arrangements for safeguarding are effective."

Aim High

Be Inclusive

Work Together

This outcome reaffirms the standard previously recognised by Ofsted and demonstrates our continued focus on academic excellence, inclusion, and student wellbeing.

If you have any questions about the report, please get in touch. Thank you, as always, for your ongoing support, I leave you with this great quote from the report:

"Pupils are happy at this friendly, inclusive school, which promotes the highest standards in all areas of its work."—Ofsted June 2025.

Yours sincerely
