MES HW

- The four Rs

Reading
Research
Recall
Revision

Why do we do HW?

- Has a positive impact on education- roughly 5 months
- Linked to class work completed or about to be done gives the biggest impact
- If it can be done with our peers in a supportive environment it has even more impact

Get the most out of their HW

- Understand the why
- Have a quiet space to do it- HW Club after school F block, INC study at breaktime
- If with peers, ensure it is focused and on track
- Having trouble? Encourage them to tell their teacher
- Encourage them to ask their teacher the best way to....
'revise this topic' try out different methods and see what works for you.
- Make a schedule and stick to it
- Time given to each piece- 40mins

Revision

Table 1: Effectiveness of ten learning techniques, from Dunlosky et al (2013) ²⁹

High utility	Practice testing	Self-testing or taking practice tests on material to be learned.
	Distributed ('spaced') practice	Implementing a schedule of practice that spreads out activities over time.
	Elaborative interrogation	Generating an explanation for why an explicitly stated fact or concept is true.
	Self-explanation	Explaining how new information is related to known information, or explaining steps taken during problem solving.
Moderate utility	Interleaved practice	Implementing a schedule of practice that mixes different kinds of problems, or a schedule of study that mixes different kinds of material, within a single study session.
	Summarization	Writing summaries (of various lengths) of to-be-learned texts.
	Highlighting	Marking potentially important portions of to-be-learned materials while reading.
	Keyword mnemonic	Using keywords and mental imagery to associate verbal materials.
Low utility	Imagery use for text learning	Attempting to form mental images of text materials while reading or listening.
	Rereading	Restudying text material again after an initial reading.
