You Said... We Did !

There are not enough appointment slots at Parents Evenings

We have extended the length of Parents Evening. In doing so, we have provided more individual appointments.

You would like more communication from the Headteacher and other SLT Members

We have introduced the School Spotlight to highlight positives each term. We send out half termly letters from the Headteacher. We have increased the number of update letters from SLT whilst remaining mindful of only sending letters and emails when relevant.

Parents are struggling to support students with their homework and revision in Years 10 and 11

There are revision strategies and parental tips included in the information evening for both Year 10 and 11 this year

KS3 reports are difficult to understand

We are conducting a Trust wide review of KS3 assessment methods

There are revision strategies and parental tips included in the information evening for both Year 10 and 11 this year

School is too focused on the high academic achievers and do not support less academic learners

We have introduced new qualifications and pathways as an option at KS4 alongside the introduction of short course AQA units to provide more accessible courses for a limited number of students

Positive behaviours are not shared with parents as much as those that are negative

We have introduced the ClassCharts App to improve communication from School to home. There is greater emphasis on rewarding positive behaviours leading to a current positive to negative ratio of 8:1 across all year groups (November 2025)

The Trust and School do not seem to benefit one another

The Trust have supported MES with funding facility developments over the last few years including Staff/Visitor toilets, student toilets, lower school hall refurbishments, and science laboratory refurbishments. Our Shared Trust INSET days have helped with cross school support and training.
