

4 February 2026

Dear Parent/Guardian

Year 11 PPE 2 – 2 -13 March 2026

I am writing to share an overview of topics that will be examined in the next round of Year 11 PPEs running from Monday 2 March to Friday 13 March. During the first week students will complete exams for their core subjects in exam venues and in the following week non-core subjects will be setting a paper to complete in lessons.

In order to help students to prepare for these examinations, please find details on the topics included below in addition to useful revision resources.

Students will receive their exam timetables for core subjects shortly during tutor time and via the student app, non-core subjects will schedule their examinations with students in lessons.

I am sure that Year 11 will make the most of the help and support that they are being offered and should you have any questions please do not hesitate to contact either myself or your child's tutor.

Yours sincerely

Miss E Kelly
Head of Year 11

Subject	Topics to revise for PPE 2	Any useful revision resources
