Dear Parent/Guardian

Year 12 – Student Driving and Parking Standards – May 2026

I am writing to ask for your support in ensuring that, if your child drives to school, they do so safely and with consideration for our local community.

Unfortunately, we have recently received a few calls from local residents regarding instances of reckless driving and inconsiderate parking by a small number of students. Our number one priority is ensuring students are safe, and where we do receive calls about reckless driving, once we have identified the car and the students involved, we will always contact home. However, as I am sure you appreciate, residents have every right to contact the police if they wish to.

Please can we ask that if your child drives to school, they are reminded to park respectfully within the local area, taking care not to block driveways and public pathways, etc. Please note that students are not allowed to park on the school site.

It would be extremely helpful for us to have the registration number of your child's vehicle. This will allow us to identify cars quickly, avoid unnecessary time spent investigating, and prevent cases of mistaken identity. Please complete the form linked [here](#) to provide details of your child's car.

Our priority is the safety of all our students, and we appreciate your cooperation in reinforcing these expectations at home.

Yours sincerely

Miss A Cheshire
KS5 Assistant Headteacher
